ABLE CONSTRUCTION PTE LTD

Company Profile

History & Philosophy

ABLE Construction began as a general works contractor in 1995. Over the years, the group has undertaken many challenging projects and accumulated skills, know-how and experiences in design and build solutions, project management services, building trades and related engineering works.

Today, ABLE Construction takes on the role of main contractor for small to medium size projects and performs project management services to coordinates specialist trades for industrial/commercial projects. We also provide design inputs and engineering solutions as value-add services to our clients.

Our objective is to provide our clients with an "I am assured" experience when we are chosen to execute their projects. Our emphasis on clear communication and follow-through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

Our project management and execution philosophy is:

- create detail schedule and resources plan to meet client's project objective,
- communicate clearly with all project stakeholders,
- track project progress and fine-tune deviations,
- supervise closely on quality of work done,
- complete and commission the project on time.

We take pride in our delivery, thus our clients can always be assured that only the most experienced and qualified people are serving them, all the time.

Our Vision:

To be a respectable building contractor delivering beyond expectation, always.

Our Mission:

To procure projects at competitive pricing, provide safe working conditions and deliver quality work within reasonable time frame.
